August 18, 2025

Name: 2024 Flo Zophia

Presale Endoscopy

The above horse was examined on this date.

The throat was considered normal. Scope grade A.

I have examined the horse on this date for evaluation of upper airway via endoscopy and have followed customary veterinary clinical procedures when performing this examination. Based on my findings from this evaluation, it is my opinion that: Anatomy and function are within normal limits and meet conditions of sale.

Please call if you have any questions or concerns.

Thank you,

Scott McClure
